Material	Eco-leather
Width [cm]	46
Height [cm]	86
Depth [cm]	47

PRODUCT DESCRIPTION

We recommend the DUKE barstool in an unconventional black and red color scheme! The DUKE stool is characterized by the comfort of use and stability of the structure. The stool's seat is made of durable black polypropylene, while the comfort is guaranteed by a soft, springy sponge covered with red eco-leather. The chair is 86 cm high (seat height is 80 cm), 47 cm deep (for 34 cm deep seat) and 46 cm wide (seat width is 40 cm). The base is made of powder-coated black steel, while the legs are connected by a comfortable footrest. We encourage you to rent a minimalist DUKE stool in other color variants at TRENDEE.
