| Material | Eco-leather |
| Width [cm] | 66 |
| Height [cm] | 114 |
| Depth [cm] | 51.5 |

## PRODUCT DESCRIPTION

We recommend TOKYO - a designer armchair with a profiled backrest and aesthetic chrome elements. The TOKIO armchair is characterized by its ergonomics - with the help of a gas lift, it is possible to easily adjust the height of the seat to your height. The adjustment range is from 106 to 114 centimeters. In addition, thanks to the tilt mechanism with a vertical lock, you can freely swing the backrest of the chair until you get a comfortable position. TOKYO is equipped with comfortable armrests and a chrome handle located on the back of the seat, which allows you to hang clothes. The seat and backrest are upholstered with elegant ecological leather in black. The TRENDEE rental recommends the TOKIO armchair - also in white and gray.
