PRODUCT DESCRIPTION

TOKYO is a white-colored designer armchair with a profiled backrest and chrome elements. TOKYO is an extremely ergonomic armchair - thanks to the gas lift, you can easily adjust the height of the seat to your height. The height adjustment is possible from 106 to 114 cm. In addition, the chair's backrest can be tilted freely using the tilt mechanism with a vertical lock until a comfortable position is achieved. The TOKIO armchair is equipped with comfortable armrests, a wide, chrome base, and double rubber wheels. The chrome handle on the back of the seat allows you to hang your clothes. The backrest and seat of the armchair are upholstered with elegant ecological leather. The TRENDEE rental also recommends the TOKIO armchair in black and gray.
