PRODUCT DESCRIPTION

TRENDEE recommends a multifunctional "beer set" consisting of a TAVERNA table and two dedicated BAGNI benches. Both for benches and for the table, the basis is a metal frame in green color. The basic material of the bench seat and table countertop is varnished beech plywood. The traditional "beer set" has the following parameters - the height of the benches is equal to 48 centimeters, while their depth reaches 25 centimeters. The table is 77 centimeters high and 50 centimeters deep. The width of the benches and the table is 220 centimeters, while the total depth of the whole set equals 100 centimeters. TRENDEE encourages you to rent a TAVERNA/BAGNI set, which is perfect for organizing corporate events or festivities.
