

TERMO

TECHNICAL DETAILS

Colour	Gray
Material	Fabric
Material	Glass fiber
Width [cm]	135
Height [cm]	75
Depth [cm]	68

PRODUCT DESCRIPTION

TRENDEE offers you a two-seater sofa from the TERMO collection, which was designed by the esteemed designer Tomasz Rygalik. The TERMO two-seater sofa is unique due to its modularity, unconventional design and comfort - the structure consists of a bathtub-shaped base in gray color, which is made of durable fiberglass. In the "bathtub", there are two seats with backrests, which are covered with effective fabric - also in gray color. All this creates a minimalist design with a seat that is 42 cm high. The full dimensions of the TERMO sofa are 135 centimeters of width, 68 centimeters of depth, and 75 centimeters of height. TRENDEE exhibition furniture rental fully recommends the minimalist sofa TERMO!
