PICCOLO

TECHNICAL DETAILS

Colour	White
Material	Plastic
Countertop	High Pressure Laminate
Diameter [cm]	70
Height [cm]	105

PRODUCT DESCRIPTION

We present you with an unconventional PICCOLO bar table, which was designed from scratch by TRENDEE. The bar table is fully made of stable plastic. The base height in white color reaches 105 centimeters, while the countertop made of thermoset HPL laminate (which is known for its fantastic resistance) has a diameter of 70 centimeters. The table countertop is as well available in white color. TRENDEE furniture rental recommends our PICCOLO product and encourages you to check its availability at the time of the selected trade fair event!
