PRODUCT DESCRIPTION

TRENDEE recommends the powerful Nespresso ES 100 coffeemaker. The silver-black automatic pressure coffee machine uses coffee capsules. A coffee with a capacity of 40 or 110 milliliters is available for the user's choice. The indicator lights on the front panel of the ES 100 indicate the selected mode, the need for descaling or the temperature value. The water container capacity of the 1300-watt Nespresso ES 100 is 3 liters, while the operating pressure reaches a maximum of 19 bar. The TRENDEE rental encourages you to rent a Nespresso ES 100.
