| Depth [cm] | 40 |

## PRODUCT DESCRIPTION

Trapezoidal LED pot is an unusual way to decorate your fairs stand. 110 centimeters high, 40 centimeters wide and also 40 centimeters deep the trapezoidal pot is made of durable plexiglass. The product is equipped with an LED bulb that is controlled by an IR remote control. The user has a choice from 16 colors of the RGB palette (including warm white). It is also possible to choose one of the following bulb modes: - fast color change mode (FLASH); - smooth transition between colors (SMOOTH); - strobe mode (STROBE). TRENDEE rental includes a remote control and a power supply in the kit. We recommend an effective LED pot!
