### PRODUCT DESCRIPTION

TRENDEE Expo & Event Equipment rental recommends a parquet for rent in a classic, wooden version. The parquet floor available in our rental is an oak parquet stave in the form of solid modules with a width and depth of 1 meter and a height of 2 centimeters. The parquet is easy to connect - all thanks to metal connectors, which not only accelerate the assembly time of the modules but also ensure the stabilization of the entire installation. Our product is a guarantee of the elegance of the exhibition stand! We encourage you to check its availability! **IMPORTANT!** By choosing "1 piece" of our parquet, you decide to rent a 1m<sup>2</sup> module . Similarly, by choosing "2 pieces" you rent 2 square meters of parquet.
