PRODUCT DESCRIPTION

The ROSA coffee table with a concrete-colored top is an interesting, unconventional idea for using furniture during your event. The designer ROSA coffee table is made of two chromed metal skids that ensure the stability of the furniture and a wide top made of MDF. The width of the table is 100 centimeters, height - 46 centimeters, and depth - 50 centimeters. We also recommend the ROSA bench, available in the TRENDEE rental, in oak and white colors.
