ANTHRACITE (CARPET)

TECHNICAL DETAILS

Colour	Anthracite
Material	Polyamide
Width [cm]	100
Height [cm]	0.5
Depth [cm]	100

PRODUCT DESCRIPTION

Heuga carpet in an elegant anthracite color is a product made of 100% polyamide, which guarantees a spectacular appearance of the exhibition stand. TRENDEE Expo&Event Equipment recommends carpet presented in the form of modular tiles measuring 0.5x0.5m each. These carpet tiles are known for their simplicity and rapid assembly (loose-lay). The thickness of the carpet reaches 5 millimeters. The carpet recommended by TRENDEE is also available for rent in red and blue! We encourage you to familiarize yourself with our offer! IMPORTANT! Choosing "1 piece" for rent is tantamount to renting 1 square meter of carpet, which consists of 4 modules - each with a width and depth of 0.5 meters . Similarly, by choosing "2 pieces", you decide to rent a 2m² Heuga carpet. The second photo shows a 1.5m² option.
